NATURE CONSERVATION SITES IDENTIFIED IN POLICIES ENV9-ENV12

| OS REF (TQ) | LOCAL PLAN SITE REF. NO. | SITE NAME AND LOCATION | SITE DESCRIPTION/COMMENT | STATUS |
|-------------------------------|--------------------------|--------------------------------------|--|--------------------|
| 168 388 | 1 | Auclaye | Clay pit yielding preserved insect bodies. | SSSI(GCR) |
| 128 565 | 2 | Bookham Common | London Clay with woodland, grass, scrub and water terrain supporting diversity of bird and invertebrate populations. | SSSI |
| 176 383 | 3 | Clockhouse Brickworks | Brick pit being an important exposure of Weald Clay with fossil remains. | SSSI(GCR) |
| 182 603 | 4 | Ashtead Common | London Clay terrain with habitats for breeding birds and invertebrates. | SSSI(NCR) |
| 175 600 187 596 | 4a | Ashtead Common | London Clay terrain with habitats for breeding birds and invertebrates. | SSSI(NCR) NNR |
| 227 407 | 5 | Glovers Wood | Semi-natural broad-leaved woodland with rich ground flora. | SSSI(NCR) |
| 122 495 | 6 | Hackhurst and White Downs | Chalk escarpment with grassland, scrub and woodland habitats. | SSSI(NCR) LNR |
| 125 455 123 434 145 440 | 7 | Leith Hill | Variety of woodland habitats with diverse community of breeding birds and invertebrates. | SSSI |
| 200 535 187 525 | 8 | Mole Gap to Reigate Escarpment | Contains the largest part of North Downs in Surrey which has remained relatively undisturbed. Includes outstanding wildlife habitats. It includes Dawcombe NSNR. | SSSI |
| 185 520 155 540 180 533 | 8a | Mole Gap to Reigate Escarpment | Contains the largest part of North Downs in Surrey which has remained relatively undisturbed. Includes outstanding wildlife habitats. Natural box scrub. River cliffs. | SSSI/cSAC (GCR) |
| 143 510 | 9 | Ranmore Common | Block of woodland, some ancient, on plateau of North Downs. Diverse community of breeding birds. | SSSI |
| 111 372 | 10 | Smokejack Clay Pit | Pit of lower Weald Clay group with important depositions and fossils. | SSSI(GCR) |
| 156 392 | 11 | Vann Lake and Ockley Woods | Botanically rich ancient woods with uncommon insects, community of breeding birds and population of dormice. | SSSI(NSNR) |
| 229 501 | - | Reigate Heath* | Heath and grassland. | SSSI |
| 106 492 | 12 | Old Simms Copse, Abinger | Large ancient semi-natural woodland.* | pSNCI |
| 112 378 | 13 | Somersbury Wood, Nr Walliswood | Ancient semi-natural woodland. | SNCI/pSNCI |
| 114 398 | 14 | Drug Copse/Pond Gill, Nr Mayes Green | Ancient semi-natural woodland, good example of gill woodland. | SNCI |

cSAC: candidate Special Area of Conservation
LNR: Local Nature Reserve
NNR: National Nature Reserve
NSNR: Non Statutory Nature Reserve
SSSI: Site of Special Scientific Interest

SSSI(NCR): Site of Special Scientific Interest identified under the Nature Conservation Review
SSSI(GCR): Site of Special Scientific Interest identified under the Geological Conservation Review
SNCI: Site of Nature Conservation Importance
pSNCI: Potential Site of Nature Conservation Importance

Most of this site is in Reigate & Banstead BC. The area within Mole Valley is too small to be shown on the Proposals Map.

* Included in 1988 Nature Conservancy Council Provisional Ancient Woodland Inventory

| OS REF (TQ) | LOCAL PLAN SITE REF. NO. | SITE NAME AND LOCATION | SITE DESCRIPTION/COMMENT | STATUS |
|-------------|--------------------------|---|--|-----------------|
| 115 450 | 15 | Pasture Wood, Holmbury St Mary | Large ancient semi-natural woodland*. | pSNCI |
| 118 403 | 16 | Rewfield Copse, Nr Forest Green | Site not surveyed but good documentary evidence of ancient woodland and ancient woodland indicators. | SNCI/pSNCI |
| 118 388 | 17 | Walliswood West | Ancient semi-natural woodland*. | pSNCI |
| 119 376 | 18 | Haines Copse, Nr Walliswood | Ancient semi-natural woodland*. | pSNCI |
| 119 410 | 19 | Waterland Wood, Nr Forest Green | Ancient semi-natural woodland*. | pSNCI |
| 120 396 | 20 | Pond Head, Mayes Green | Ancient semi-natural woodland. 30 indicator species mainly hornbeam/ash/maple. | SNCI |
| 120 480 | 21 | Deerleap Woods, Nr Wotton | Large ancient semi-natural woodland*. | pSNCI |
| 121 417 | 22 | Mill Copse "2", Nr Forest Green | Ancient semi-natural woodland*. | pSNCI |
| 120 420 | 23 | Mill Copse "1", Nr Forest Green | Ancient semi-natural woodland*. | pSNCI |
| 123 388 | 24 | Fir Copse, Walliswood | Ancient semi-natural woodland. Good hornbeam coppice. | SNCI/pSNCI/NSNR |
| 123 466 | 25 | Whitings Wood, Abinger Common | Ancient semi-natural woodland*. | pSNCI |
| 124 370 | 26 | West Wood, Oakwoodhill | Good ancient semi-natural woodland. | SNCI |
| 124 381 | 27 | Kiln Copse, Walliswood | Good size ancient semi-natural woodland. | SNCI |
| 125 363 | 28 | Honeybush Copse, Nr Oakwoodhill | Ancient semi-natural woodland: hazel/hornbeam coppice. | SNCI |
| 128 396 | 29 | Fishfold Wood, Mayes Green | Ancient semi-natural woodland. | SNCI |
| 128 415 | 30 | Etherley Copse, Nr Forest Green | Large area of ancient semi-natural woodland. | SNCI/pSNCI |
| 127 470 | 31 | Old Park Hill, Wotton | Large ancient semi-natural woodland*. | pSNCI |
| 131 386 | 32 | Chapel Copse, Oakwoodhill | Large ancient semi-natural woodland. | SNCI |
| 131 458 | 33 | Noons Copse, Nr Friday Street | Ancient semi-natural woodland*. | pSNCI |
| 131 486 | 34 | Coomb Copse, Westcott | Ancient semi-natural woodland*. | pSNCI |
| 134 473 | 35 | Rookery Woods/Sylvanus Woods, Nr Westcott | Large ancient semi-natural woodland. | pSNCI |
| 133 399 | 36 | Fishfold Farm Wood, Nr Walliswood | Ancient semi-natural woodland*. | pSNCI |
| 135 477 | 37 | Hangar and Longmoor Wood, Nr Westcott | Diverse woodland. | SNCI |
| 135 492 | 38 | Hurst Copse, Nr Westcott | Ancient semi-natural woodland*. | SNCI |
| 136 577 | 39 | Little Wood, Nr Bookham | Actively managed coppice: hazel/oak/ash/elm. | SNCI |
| 136 409 | 40 | Jayes Park Wood, Nr Ockley | | pSNCI |
| 138 406 | 41 | Kissing Copse, Nr Ockley | Ancient semi-natural woodland*. | pSNCI |
| 138 418 | 42 | Hartshurst, Leith Hill | Worked coppice and grassland. | SNCI |
| 138 436 | 43 | Leith Hill, Wotton Common | Ancient semi-natural woodland*. | pSNCI |
| 137 494 | 44 | Holehill Copse and Bushy Plat, Westcott | Ancient woodland. | SNCI |
| 138 574 | 45 | Bushy Copse, Nr Bookham | Ancient woodland. | SNCI |
| 140 368 | 46 | Portland Hangar, Nr Oakwoodhill | Ancient semi-natural gill woodland. | SNCI |

| 144 376 | 47 | Paynes Wood, Nr Paynes Green | Ancient semi-natural woodland*. | pSNCI |
| 144 480 | 48 | Durrants Wood, Nr Westcott | Ancient semi-natural woodland. | SNCI |
| 147 412 | 49 | Aviary Copse, Nr Ockley | Ancient semi-natural woodland*. | pSNCI |
| 145 420 | 50 | Fatting Hovel Copse, Nr Ockley | Ancient semi-natural woodland*. | pSNCI |
| 146 424 | 51 | Nine Acres Copse, Nr Broome Hall | Ancient semi-natural woodland*. | pSNCI |
| 148 391 | 52 | The Birches, Nr Ockley | Ancient semi-natural woodland*. | pSNCI |
| 147 418 | 53 | Mears Copse, Nr Ockley | Ancient semi-natural woodland*. | pSNCI |
| 152 378 | 54 | Whaleys Farm Wood, Weare Street | Ancient semi-natural woodland*. | pSNCI |
| 160 431 | 55 | Kitlands Gill Wood, Coldharbour | Ancient semi-natural woodland*. | pSNCI |
| 156 589 | 56 | Leatherhead Common | Rare species present. | SNCI |
| 157 585 | 57 | Teazlewood, Oaklawn Road, Leatherhead | Rare species present. | SNCI |
| 158 400 | 58 | Weavers Wood/Kiln Wood, Nr Ockley | Ancient semi-natural woodland with characteristic species. | SNCI/pSNCI |
| 160 409 | 59 | Great Copse, Highfield Wood, Ockley Court | Ancient semi-natural woodland along streams. | SNCI/pSNCI |
| 159 554 | 60 | Bocketts Lane, Leatherhead | Good chalk grassland. | SNCI |
| 159 387 | 61 | Holbrook Wood, Nr Ockley | Ancient semi-natural woodland: 24 indicator species. | SNCI/pSNCI |
| 164 380 | 62 | Osbrooks, Capel | High quality ancient semi-natural woodland: 41 indicator species. | SNCI |
| 162 425 | 63 | Wigmore and Heath Wood, Beare Green | Ancient semi-natural woodland*. | pSNCI |
| 165 390 | 64 | Knoll Wood, Grenehurst, Capel | Hazel, maple, ash coppice in gill. | SNCI |
| 165 407 | 65 | Woodland north of Ockley/ Capel Station | Ancient semi-natural woodland*. | pSNCI |
| 165 445 | 66 | Betchetts Green Copse, South Holmwood | Large ash coppice stools in ancient woodland. | SNCI |
| 155 560 | 67 | River Mole | Rich in bird species: well wooded in parts. Variety of plant species. | SNCI |
| 169 391 | 68 | Grenehurst Copse, Clark's Green, Capel | Ancient semi-natural woodland. Large woodland with hornbeam/ash/hazel. | SNCI |
| 172 485 | 69 | Glory Wood, Dorking | Ancient semi-natural woodland. Variety of habitats. | SNCI |
| 175 474 | 70 | Holmwood Park, North Holmwood | Owned by Woodland Trust. Interesting marshy grassland. | SNCI |
| 174 535 | 71 | Eastfield Cottage, Mickleham | Beech woodland and chalk grassland. | SNCI |
| 177 382 | 72 | Clockhouse Gill, Capel | Good hornbeam gill with small-leaved lime. | SNCI |
| 177 397 | 73 | Strood Copse/Nightlees Copse, Clark's Green, Capel | Hornbeam/ash/hazel. | SNCI/pSNCI |
| 179 591 | 74 | Woodfield (north of railway) Ashtead | Species rich acid grassland. Rare species present. | SNCI |

| OS REF (TQ) | LOCAL PLAN SITE REF. NO. | SITE NAME AND LOCATION | SITE DESCRIPTION/COMMENT | STATUS |
|-------------|--------------------------|---|---|------------|
| 181 588 | 75 | Woodfield (south of railway) Ashtead | Good range of vascular plants. | SNCI |
| 180 401 | 76 | Hatchlands Copse (west), Capel | Good quality ancient woodland. | SNCI |
| 181 414 | 77 | Misbrooks Green, Nr Capel | Unimproved grassland. | SNCI |
| 184 386 | 78 | Taylors Gill, Capel | Ancient hornbeam coppice. Good ground flora. | SNCI |
| 183 433 | 79 | Garstons Copse, Beare Green | Good size and range of species. | SNCI |
| 184 403 | 80 | Hatchlands Copse, Capel | Worked coppice. | SNCI |
| 182 394 | 81 | Ox Pasture Copse, Capel | Worked coppice. | SNCI |
| 189 544 | 82 | Cherkley Wood | Ancient woodland. Rare species present. | SNCI |
| 193 423 | 83 | Knoll Copse, Newdigate | Ancient semi-natural woodland. | SNCI |
| 190 380 | 84 | Mosshouse Gill, Nr Capel | Ancient semi-natural woodland. Conforms with other woods with very good gills. | SNCI/pSNCI |
| 190 391 | 85 | Temple Wood, Nr Capel | Ancient semi-natural woodland: hornbeam/ash coppice and small-leaved lime. | SNCI |
| 192 549 | 86 | Nower Wood (west) Headley | Ancient semi-natural woodland. | SNCI |
| 193 585 | 87 | Ashtead Park | Oak pollards: mix of habitat: secondary woodland, grassland and ponds. | SNCI/LNR |
| 194 550 | 88 | Nower Wood Nature Reserve, Headley | Large ancient semi-natural woodland*. | SNCI/NSNR |
| 198 436 | 89 | Reffolds Copse, Newdigate | Very large area of ancient woodland: some clearance and plantation. | SNCI/pSNCI |
| 198 564 | 90 | Addlestead Wood, Headley | Ancient semi-natural woodland. Hazel under oak with good flora. | SNCI |
| 201 550 | 91 | Nower Wood (east) Headley | Good size woodland: Surrey Wildlife Trust Reserve. | SNCI |
| 205 395 | 92 | Dukes Copse, Newdigate | Ancient semi-natural woodland. Good hornbeam woodland. | SNCI |
| 205 427 | 93 | Newdigate Brickworks | Ancient woodland. Rare species present. | SNCI |
| 212 396 | 94 | Leg of Mutton Wood/ The Jordans, Newdigate | Mostly semi-natural woodland. Series of gills and hornbeam coppice. Good for butterflies. | SNCI |
| 212 442 | 95 | Hammonds Copse, Newdigate | Large ancient semi-natural woodland: owned by Woodland Trust. | SNCI |
| 218 465 | 96 | Brown Copse, Leigh | Mostly ancient hazel, ash, hornbeam and sessile oak. 27 ancient woodland indicators. | SNCI |
| 222 428 | 97 | Beam Brook Wood | Ancient woodland in gill, wych elm coppice and beech plantation. | SNCI |
| 224 424 | 98 | Pockmires Wood and Beggars Gill, Nr Charlwood | Ancient semi-natural woodland mostly managed for nature conservation. | SNCI |
| 230 429 | 99 | Ricketts Wood, Nr Charlwood | Long continuous gill wood of good quality. | SNCI/pSNCI |
| 236 425 | 100 | Edolphs Copse, Charlwood | Ancient semi-natural woodland. | SNCI/LNR |
| 235 459 | 101 | Nalders Wood/Dulands Copse, Leigh | Part ancient semi-natural woodland. | pSNCI |
| 273 428 | 102 | Withy Gill, Hookwood | Wet grassland. Rare species present. | SNCI |
