

Council Tax – Explanatory Notes

The following pages contain statutory information that should answer any questions you may have about Council Tax generally and, in particular, how the annual bill for your household has been calculated. Further details are also available from the Council Tax section of our website at www.molevalley.gov.uk

The Secretary of State for Communities and Local Government has made an offer to adult social care authorities. (“Adult Social Care Authorities” are local authorities which have functions under Part 1 of the Care Act 2014, namely county councils in England, district councils for an area in England for which there is no county council, London Borough Councils, the Common Council of the City of London and the Council of the Isles of Scilly).

The offer is the option of an adult social care authority being able to charge an additional “precept” on its council tax for financial years from the financial year beginning in 2016 without holding a referendum, to assist the authority in meeting expenditure on adult social care. Subject to the annual approval of the House of Commons, the Secretary of State intends to offer the option of charging this “precept” at an appropriate level in each financial year up to and including the financial year 2019-20.

On your bill for 2019-20 you will note that there is not a % figure next to the Adult Social Care precept. The cash amount shown includes any amount charged as an ASC Precept in previous years and could therefore be confusing. The % increase for ASC is 0% for 2019-20.

The full council tax bill assumes that there are two or more adults living in the dwelling. There are a number of ways by which the bill can be reduced and these are discounts (property and personal), disablement relief and means tested support, for those on low incomes or state benefit. This leaflet attempts to give a brief explanation of the key elements of the tax including the means by which reductions can be obtained.

If after reading these notes you feel one or more of the reductions may apply, please obtain an application form by writing to the Council Tax Section, Mole Valley District Council, Pippbrook, Dorking Surrey, RH4 1SJ or by visiting our website, www.molevalley.gov.uk.

Who is liable to pay the tax?

1.1 Liability to pay Council Tax normally falls to one or more adults who are solely or mainly resident in a property. Where there is more than one person resident, look at the following list and working from the top down stop when you reach a category that applies to someone in your home; he or she is the liable person :

- Resident freeholder (so for owner-occupied property the owner will be liable)
- Resident leaseholder
- Resident statutory/secure tenant
- Resident licensee
- Resident

1.2 Husbands and wives, unmarried couples or civil partners living together are both responsible for paying the bill. People who are joint owners or joint tenants are also jointly liable, whether or not they are actually shown on the bill.

1.3 Where there is no resident in the property then the owner is liable. The owner is also liable, instead of the residents, for certain prescribed classes of dwellings as follows :

Class A - residential care homes, nursing homes and some hostels;

Class B - properties lived in by religious communities (such as monasteries and convents);

Class C - properties occupied by more than one household where the residents share

certain facilities such as a kitchen or bathroom;

Class D - properties which are not the owner's main home, but which are the main home of someone whom the owner employs in domestic service;

Class E - properties lived in by ministers of religion.

Class F - properties provided to an asylum seeker under Section 95 of Immigration & Asylum Act 1999.

Valuation for Council Tax

2.1 Domestic properties are placed into one of eight valuation bands by the Valuation Office Agency. The local office is situated at 1st Floor, Warwick House, 67 Station Road, Redhill, Surrey, RH1 1DL Telephone number 03000 501501.

2.2 Each band attracts a different level of council tax. The Council each year set a level of tax for Band D and all other charges are then calculated by applying the appropriate multiplier to it.

2.3 The eight valuation bands and their multipliers are as follows

Band	Property Value	Multiplier
A	Not over £40,000	6/9
B	Over £40,000 but less than £52,000	7/9
C	Over £52,000 but less than £68,000	8/9
D	Over £68,000 but less than £88,000	9/9
E	Over £88,000 but less than £120,000	11/9
F	Over £120,000 but less than £160,000	13/9
G	Over £160,000 but less than £320,000	15/9
H	Over £320,000	18/9

2.4 Valuations are based on the market value of a property at the 1st April 1991. The fact that properties may be worth more or less today does not in itself mean they have been wrongly banded.

- 2.5 A valuation list is available for public inspection at the Council Offices, and the relevant band value is shown on your council tax account.
- 2.6 There are some cases where individual dwellings may be revalued and rebanded. If, for example, a house is extended after the 1st April 1993 it will be revalued when it is next sold. If your home decreases in value, for example, because part of it is demolished it may be revalued straight away.

Discounts

- 3.1 The full council tax bill assumes there are two adults living in a dwelling. If only one adult lives in a dwelling (as his/her main home) the council tax bill is reduced by 25%.
- 3.2 From the 1 April 2013 if a dwelling is no-one's main home and it remains furnished, there is no reduction in the bill. This also applies to properties which have a restriction on the number of days that they can be continuously occupied in any twelve month period.
- 3.3 From the 1 April 2013 a dwelling that is no-one's main home and is substantially unfurnished will receive 100% discount for 28 days. After 28 days have expired the full Council Tax charge will become due. If a property remains unfurnished for a continuous period of 2 years an additional 50% of the full Council Tax will be added to the bill making the charge equivalent to 150% of the full Council Tax. A property must be occupied as someone's sole or main residence for a period of at least 42 days to qualify for a further period of discount.

- 3.5 Reductions for Annexes.
Some annexes may be eligible for a reduction equivalent to 50% of the council tax due after other discounts have been applied. These are:
- Annexes which are separately banded from the main house but are used by the household of the main house as part of its residence.
 - Annexes which are solely occupied by a qualifying relative of the liable person at the main residence. A list of the qualifying relatives can be found on the Council's website.
